

MALAYA - STRAITS SETTLEMENTS

Singapore

December 1936

Underpaid airmail letter from Singapore, Straits Settlements, Malaya to Sourabaya, Dutch East Indies postmarked 3 December 1936 on copies of the 1 cent of 1922 and 2 cents and 5 cents (pair) of 1936.

The rate was 15 cents and the deficiency was 2 cents.

There is also a Singapore "T/ centimes" (Taxe) mark with a manuscript "10" inserted indicating double the deficiency in gold centimes. On the reverse the arrival mark of Sourabaya of 4 December 1936 is on copies of the 2½ cents and 5 cents postage due stamps of 1913.

MALAYA - STRAITS SETTLEMENTS

Singapore

December 1936

Underpaid airmail letter (Christmas card?) from Singapore, Straits Settlements, Malaya to Southsea, England. The letter is postmarked 15 December 1936 on copies of the 1 cent of 1922 and a vertical pair of the 12 cents of 1936 to total 25 cents. The airmail rate was 25 cents per $\frac{1}{2}$ ounce and this letter was marked in manuscript "1 oz" and, in blue, "2" [weight steps] and so the deficiency was 25 cents.

On the obverse there is also a Singapore "T/ centimes" (Taxe) mark with a "130" inserted in manuscript indicating double the deficiency in gold centimes. In transit in London the British post office applied a "9d/ I.S./ N" mark amended in blue manuscript to 9 $\frac{1}{2}$ d. There is a horizontal strip of three of the 3d and a single of the $\frac{1}{2}$ d postage due stamps all postmarked 28 December 1936 in Portsmouth to make up the 9 $\frac{1}{2}$ d.

On the basis that the deficiency was 25 cents, double this was 50 cents. 50 divided by 8 (the Malayan surface rate) was 6.25 and this multiplied by the 1 $\frac{1}{2}$ d British surface rate gives 9.375d (rounded up to 9 $\frac{1}{2}$ d per the mark). 130 gold centimes could otherwise be converted at 1d=10 centimes giving 13d or 1s1d. This usual conversion factor (up to 1943) was dropped in favour of the former calculation basis.

MALAYA - STRAITS SETTLEMENTS

Malacca via Penang

December 1936

Underpaid overweight letter from Malacca, Straits Settlements to Kothamangalam, Ramnad, India postmarked 20 December 1936 on a vertical pair of the 1929 Straits Settlements 4 cents on the reverse making 8 cents. The letter weighed over 1 ounce, the rate 12 cents and the deficiency was 4 cents. On the obverse is a Penang boxed "T/ centimes" (Taxe) mark next to a blue manuscript "20c" indicating double the deficiency in gold centimes. There is also a Penang mark of "More to Pay/ above .. ozs" with a "1" inserted in the same blue pencil. The Kothamangalam arrival mark on the reverse is 31 December 1936. On the obverse is an Indian boxed "Foreign Postage Due/ 2 Annas" mark to indicate the postage due collected.

MALAYA - STRAITS SETTLEMENTS

Singapore

February 1937

Underpaid airmail letter from Singapore, Straits Settlements, Malaya to Leighton Buzzard, England postmarked 6 February 1937 on a copy of the 25 cents stamp of 1936. The rate was 25 cents per ½ ounce. The letter was over the weight limit so the deficiency was 25 cents.

There is also a Singapore "T/ centimes" (Taxe) mark with a "130" inserted in blue manuscript indicating double the deficiency in gold centimes. On arrival in London a "9½d/ To Pay/ F.S." mark was applied but no British postage due stamps were used.

On the basis that the deficiency was 25 cents, double this was 50 cents. 50 divided by 8 (the Malayan surface rate) was 6.25 and this multiplied by the 1½d British surface rate gives 9.375d (rounded up to 9½d per the mark). 130 gold centimes could otherwise be converted at 1d=10 centimes giving 13d or 1s1d. This usual conversion factor (up to 1943) was dropped in favour of the former calculation basis.

MALAYA - STRAITS SETTLEMENTS

Penang

February/March 1937

Unpaid letter from Penang, Straits Settlements, Malaya to Soekaboemi, Java, Dutch East Indies postmarked 24 February 1937. The rate and the deficiency was 12 cents.

There is also a Penang "T/ centimes" (Taxe) mark in a rectangle in which is inserted a manuscript "65 cts" incorrectly indicating double the deficiency in gold centimes. There is also a strip of 4 of the 7½ cents NEI postage due stamp of 1921, making 30 cents, cancelled by arrival marks of Soekaboemi of 1 March 1937.

MALAYA - STRAITS SETTLEMENTS

Penang

March 1937

Underpaid letter from Penang, Straits Settlements, Malaya to New Jersey, USA. Postage partly paid with a vertical pair of the 5 cents of 1936 postmarked 2 March 1937. The correct rate was 12 cents so the deficiency was 2 cents.

Also on the obverse is a Penang "T/ centimes" (Taxe) mark in a rectangle in which is inserted a manuscript "10" indicating double the deficiency in gold centimes. There is also an incomplete New York transit Taxe mark for 2 cents as well as two copies of the 1 cent US postage due stamps of 1931 are cancelled by an arrival mark of Madison, New Jersey.

MALAYA - STRAITS SETTLEMENTS

Singapore

July 1937

Underpaid airmail letter from Singapore, Malaya to Bedford, England partly paid by a copy of the 25 cents of 1936 postmarked 17 July 1937. The cover is endorsed "1 oz" in manuscript for which the rate was 50 cents with a deficiency of 25 cents.

There is a Singapore "T/ centimes" (Taxe) mark in a pentagon with a manuscript "130" inserted to denote double the deficiency in gold centimes. On arrival in London a boxed "...s/ ...d/ F.S./ more to/ pay/ rate/ above...oz" mark was applied with a manuscript "9½" inserted. On the reverse there are postage due stamps of 3d (3) and ½d applied to total 9½d.

On the basis that the deficiency was 25 cents, double this was 50 cents. 50 cents divided by 8 (the Malayan surface rate) was 6.25 and this multiplied by the 1½d British surface rate gives 9.375d (rounded up to 9½d per the mark). 130 gold centimes could otherwise be converted at 1d=10 centimes giving 13d or 1s1d. This usual conversion factor (up to 1943) was dropped in favour of the former calculation basis.

FEDERATED MALAY STATES - STRAITS SETTLEMENTS

Selangor and Singapore

May 1938

Letter from Kuala Lumpur, Selangor, Malaya initially to Singapore, Malaya paid by a copy of the 5 cents of 1935 postmarked 4 May 1938. The letter was redirected to England and the rate increased from the 5 cents paid to 8 cents so a deficiency of 3 cents arose.

There is a transit mark of Singapore of 5 May 1938 on the reverse. On the obverse there is a Singapore "T/ Centimes" (Taxe) mark in a circle in which there is a manuscript "6½ cms" indicating the single deficiency in gold centimes. On arrival in London a boxed "Note/ the/ Postage/ Rate" mark was applied on the reverse. On the obverse a London "½d/ I.S./ K" was applied. The arrival mark of Berkhamsted of 5 May 1938 is on a copy of the ½d postage due stamp of 1938.

MALAYA - STRAITS SETTLEMENTS

Malacca

November/December 1938

Underpaid overweight letter from Malacca, Straits Settlements, Malaya to Nachandupatti, India postmarked 25 November 1938 on a pair of the 4 cents of 1937. The rate was 8 cents per ½ oz and the deficiency was 8 cents.

On the obverse is a Malacca "T/ Centimes" (Taxe) mark in a circle. There is an Indian transit mark of Negapatam of 4 December 1938 on the reverse as is the Nachandupatti arrival mark of 5 December 1938. On the obverse there is a boxed Indian "Foreign Postage Due/ ... Annas ... Pies" in which 3 Annas and 6 Pies has been inserted in blue manuscript.

MALAYA - STRAITS SETTLEMENTS

Singapore

December 1938

Underpaid overweight letter (Christmas Card?) from Singapore, Straits Settlements, Malaya to Melbourne, Australia postmarked 1 December 1938 on a horizontal pair of the 4 cents of 1938. The rate was 8 cents per $\frac{1}{2}$ oz and the deficiency 8 cents.

There is a Singapore "T" (Taxe) mark in a circle as well as a manuscript "34 cts" to mark double the deficiency in gold centimes. In Melbourne a "T 3 $\frac{1}{2}$ d" mark in an oval was applied as were marginal $\frac{1}{2}$ d and 3d postage due stamps.

MALAYA - STRAITS SETTLEMENTS

Singapore

December 1938

Letter originally from Singapore, Straits Settlements addressed locally and paid at the local rate by a copy of the 5 cents of 1937 postmarked 19 December 1938. The item needed redirection to Essex, England and then became underpaid. There is a Singapore transit mark of 20 December 1938 on the reverse.

The rate to the UK was 8 cents and the resultant deficiency was 3 cents.

On the obverse is a Singapore "T" (Taxe) mark in a circle in which there is a manuscript "6½" indicating the single deficiency per UPU rules in gold centimes. There is a London "½d/ I.S./ Q." postage due mark and the arrival mark of 30 December 1938 is on a copy of a British ½d postage due stamp of 1938.

On the basis that the deficiency was 3 cents, double this would be 6 cents. However as a redirected item the double fine was not applied. 3 divided by 8 (the Malayan surface rate) was 0.375 and this multiplied by the 1½d British surface rate gives 0.5625d (rounded down to ½d). 6½ gold centimes could otherwise be converted at 1d=10 centimes to 0.65p also rounded down to ½d.
